Sessions recorded LIVE at the J.W. Marriott Hotel • November 18-20, 2004 • New Orleans, Louisiana USA

THURSDAY • NOVEMBER 18, 2004

- 1 PS1: DID: Theory and Treatment: DID: An adaptive systemic perspective: *Joubert*; Moving dissociation into the mainstream of clinical practice: Longitudinal samples at two hospitals: *Gram*; The phenomenon of horizontal violence among professionals in the dissociative disorders field: *Tormey*; DID as reflected in self-figure drawings of adult and child survivors of sexual abuse: *Lev-Wiesel*
- 2 SYM1: The hazards of the therapeutic relationship: Dissociative transference and countertransference \* Your own body of wisdom: Recognizing and working with somatic countertransference: *Forester*; Disorganized attachment and the therapist: Induction into the system: *Fisher*; Despite our best intentions: Countertransference obstacles to trauma therapy: *Tauber*
- 3 PN1: Risk management issues in the treatment of complex dissociative trauma patients; *Kinsler, Courtois, Chu, Barach*
- 4 MW1: The Cape Cod model of psychotherapy; *Laddis*
- 5 MW2: Reversing the dissociative continuum: Tools for internal teamwork; *Richards*
- 6 MW3: Prudent use of power therapies with DID; *Peterson*
- 8, 9 TA1: The Parent-infant dialogue as a precursor to dissociation: An Attachment theory approach to understanding dissociation; *Lyons-Ruth, Dutra, Bianchi, Blizard, Gold, Waters (2 tape set \$20.00)*
- 10 TA2: The Body Double: A self soothing voice for people who dissociate; *Saury, Cox*
- 12, 13 TA4: Treatment of eating disorders, sexual compulsivity & self-cutting from a dissociative perspective; *Schwartz, Galperin (2 tapes \$20)*
- 14 PS2: Dissociative/memory studies \* "...and the mainstream is language": Dissociative studies and the post-modern emphasis on language: *Cotshell*; Possible contamination of research data by "covert" ego states: *Watkins*; A comparison of high and low dissociators, response to trauma-focused treatment: *Lynch*
- 15 PS3: Trauma exposure and response \* Dissociative phenomena among recovering heroin users and their relationship to duration of abstinence: *Avni, Somer*; If you bend them they'll break: A prospective look at the psychological impact of peacekeeping mission: *Jetly, Fox*; Biological, psychological and cognitive outcomes nine months after the World Trade Center Disaster: *Simeon*; Is PTSD really an anxiety disorder?: *Arnold*
- 16 SYM2: Psychobiological studies of structural dissociation \* Different types of dissociative parts involve different types of psychobiological reactivity to threat cues: *Nijenhuis*; Psychobiological reactivity to perceived threat cues of different types of dissociative parts of the personality in women with DID: Prelim. findings of a symptom provocation study: *Matthess*; Corpus callosum volumes in women with florid & recovered dissociative disorders & in healthy controls: *Ehling*
- 17 PN2: Nurturing our Legacy: Issues in local professional education in dissociative disorders; *Migdow, Baker, Aquarone, Pilon*
- 18 MW5: Personality disorders as variants of dissociative phenomena: Treatment with an integration of ego-state work and EMDR; *Bergmann*
- 19 MW6: Dissociative processes in eating disturbances; *Lightstone*
- 20 MW7: Ethical action under pressure; *Dalenberg, Twombly, Silberg, Frankel*
- 21 PLENARY 1: Dissociative reenactments of boyhood sexual betrayal, *Gartner*
- 22 PLENARY 2: Dissociation over the lifecycle; *Burgess*

FRIDAY \* NOVEMBER 19, 2004

- 23 PS4: Attachment \* Factitious features in dissociative disorders: Taking the quest for attachment on the road?: *Fair*; Love: What's dissociation got to do with it?: *Forrest*; Disorganized attachment and dissociation in a military sample: *Robbins*; Does the state of mind regarding attachment reveal dissociation? How the Adult Attachment Interview classifies dissociation and identifies dissociative: *Thomson*
- 24 SYM3: Testing the sociocognitive hypothesis of dissociative disorders: Iatrogenic, malingered and factitious DID \* The iatrogenesis controversy about DID and related dissociative disorders: *Loewenstein*; Exploring assumptions about DID: An investigation of suggestibility, hypnotizability, fantasy proneness, and personality variables: *Williams*; Malingered DID: Preliminary results on psychological tests and a structured interview; *Brand*
- 25 PN3: The Developmental Needs Meeting Strategy: A new approach to treating dissociative disorders; *Peterson, Schmidt, Bacon*
- 26 MW9: Patterns of dissociative processes and dissociative disorders: Nonlinear concepts and clinical applications; *Mirow, Porter*
- 27 MW10: Sympathetically maintained pain disorders as somatoform dissociation, Part II; *Low*
- 28, 29, 30, 31 F5: Introduction to the diagnosis & treatment of complex dissociative disorders; *Chu, Baker, O'Neil, Wagner (4 tape set \$40)*
- 32, 33 FA6: Hypnosis in the treatment of DID and allied conditions; *Fine, Kluft (2 tape set \$20.00)*
- 34, 35 FA7: Treatment of DID with Axis II comorbidity: Consultation clinic; *Fridley, Frankel (2 tape set \$20.00)*
- 36, 37 FA8: The use of EEG biofeedback, within a holistic framework, for the treatment of DID; *Brownback, Brownback, Gismondi (2 tapes \$20)*
- 38 FA9: "Reaching Through the Walls": Diana Fosha's Accelerated Experiential Dynamic Psychotherapy (AEDP) as an attachment-based model for treating dissociation and complex trauma; *Gleiser, Lamagna*
- 40 PS5: Treatment techniques 1 \* Soul-wounding: Case studies in clergy abuse and dissociation: *Stilling, Pauratore*; Alternating bilateral stimulation as a treatment for dissociative phenomenology: *Lawrence*; Healing the brain, healing the trauma: Use of neurotransmitter precursors: *Nelson*; Dissociation reduction in body therapy: A study of body therapy in sexual abuse recovery: *Price*
- 41 SYM4: Report on a randomized intervention trial for survivors of childhood sexual abuse \* A randomized intervention study for high risk survivors of CSA: Demographic characteristics and baseline profiles: *Cavanaugh*; A dissociative subtype of PTSD among help-seeking childhood sexual abuse survivors: *Ginzburg*; Outcome of a trial for CSA survivors comparing trauma-focused and present-focused group therapies: *Palesh*; Trauma-focused and present-focused group interventions for CSA survivors: Treatment models and group process: *Classen*
- 42 PN4: The role and nature of dissociation in complex PTSD; *Ford, Ogden, Courtois, Steele, Pain*
- 43 MW11: The "Spectrum of Emotions"; *Caldwell*
- 44 MW12: Dissociation in the mainstream: Anthony Ryle's multiple self states model of identity disturbance; *Howell, Chefetz*
- 45 MW13: Dissociation: Moving into the mainstream of couple therapy; *Williams-Keeler*
- 46 PS6: Predictors of dissociative response \* Dissociative experience predictors in a sample of woman: precipitators and buffering factors: *Cantero Martínez, Valiente Ots, Villavicencio Carrillo*; Traumatic loss and dissociation: Can you really believe that it's true?: *Cardey*; Shame and powerlessness in the treatment of trauma: *Connors*; The relationship between chronic shock symptoms and dissociation in the treatment of childhood sexual abuse and the effect on emotional and verbal expression: *Duncan*
- 47 SYM5: The convergence of borderline personality and dissociative disorders: Research, theory and diagnostic questions \* Axis-I dissociative disorder comorbidity of Borderline Personality Disorder and its impact on reports of childhood trauma: *Sar*; The nature of the relation between DID and BPD: *Laddis*; Chronic relational trauma disorder: A new diagnostic scheme classifying borderline personality as a dissociative spectrum disorder: *Blizard, Howell*
- 48 PN5: International trauma and dissociation I: Northern Ireland, Australia & New Zealand; *Rhoades, Dorahy, Paterson, Collins, Rudegeair, Farrelly*
- 49 MW14: Reducing dissociated conflict: Softening the perpetrator introject with or without EMDR; *Paulsen*
- 50 MW15: Tiered dissociation in a traumatized nation; *Yoeli, Prattos-Spongaldes*
- 51 MW16: Falling forever: Chronic shock states and high-functioning DDNOS; *Adams*
- 52, 53 FP10: Love, pleasure and the psychodynamics of terror; *Migdow, Kahn (2 tape set \$20.00)*
- 54, 55 FP11: Exploring inner landscapes: Collaborative techniques for working with dissociative disorder patients; *Fisher (2 tape set \$20.00)*
- 56, 57 FP12: Symptom management for children and adolescents with dissociative symptoms and disorder; *Silberg (2 tape set \$20.00)*
- 58, 59 FP13: Understanding and working with dissociative and traumatized parents; *Ferentz (2 tape set \$20.00)*
- 60 PS7: Personality implications of dissociative disorders \* Axis II comorbidity in dissociative disorders: Several personality disorders or a single disorder of internalizing pathology?: *Arnold*; Dissociation, consciousness, subjectivity and splitting: *Goffinet*; HPA Axis function in borderline personality disorder as a function of dissociation: *Simeon*; Traumatic experiences and dissociative symptoms among Swedish adolescents: A pilot study using Dis-Q-Sweden: *Nilsson*
- 61 PS8: Domains of dissociation \* The domain of dissociation: *Dell*; Dissociative flashbacks vs psychosis: The debate rages on...: *Jetly, Fox*; High dissociation and absence of sympathetic activity in PTSD: *Quinn*; Contributions of DID to behavioral sciences: *Altrocchi*
- 62 SYM6: The dissociative continuum: Views from the nonpathological end \* What is normal about normal and pathological dissociation?: *Dalenberg*; The dissociations of everyday life: *Butler*; Dissociation in the movies: *Palesh*; Discussion: *Gold*
- 63 PN6: International trauma and dissociation II: Developments into the mainstream of Europe of the Pottergate model of consultation support for trauma networking; *Aquarone, Hughes*
- 64 MW17: Mindfulness in the treatment of trauma and dissociation; *Ogden*

- 65 MW18: When dissociative disorders and personality disorders intersect; *Rivera*
- 66 PN7: Brain alterations—brain plasticity? An evening of dialogue on recent neurobiological findings and how they influence our understanding of dissociation; *Chefetz, Thomson, Ehling, Nijenhuis, Stien, Vermetten, Laddis, Pain, Lanius*  
*SATURDAY • NOVEMBER 20, 2004*
- 68 PS10: Dissociation in children and adolescents \* Dissociation in children of alcoholic and addicted parents: *Cannon*; Trauma and dissociative symptomatology in adolescents in secure accommodation: *Dillane*; Longitudinal observations on children and adolescents with dissociative disorders: *Silberg*; The impact of dissociation and attachment on parenting satisfaction in an adult maternal clinical sample: *Elsner*
- 69 PS11: Treatment techniques II \* Dissociative behaviors: Modifying treatment for different diagnoses: *Aukamp*; The pauses that integrate: Consolidation strategies to facilitate integration: *Maves*; The Window Blind Technique: Another tool for the trauma therapist's toolkit: *Shusta-Hochberg*; Holding and healing: Sandplay with trauma and dissociation: *Sweig*
- 70 SYM7: Dissociation and attachment in domestic violence \* Attachment, dissociation and vulnerability to continued violence: *Alexander*; The role of dissociation in the behavior of the domestic violence offender: *Mantakos*; Alternating dissociated victim and perpetrator self-states in domestic violence: Comparing research to theory: *Blizard, Howell*
- 71 PN8: Sexual abuse by priests; *Blaine, Taylor, Gregson, Clohessy*
- 72 MW19: The psychobiology of complex PTSD: Reframing dissociation; *Stien*
- 73 MW20: The Developmental Needs Meeting Strategy: Repairing developmental deficits in adults abused or neglected as children; *Schmidt*
- 74 MW21: Literature review and current perspectives on Satanic Ritual Abuse; *Rhoades*
- 75 MW22: Learning the skills of relationship: An experiential skill-building group for dissociative clients; *Fay, Fisher*
- 76 MW23: Self-injury and dissociation: Helping those who are hurting themselves; *Marshall, Alderman*
- 77 MW24: The interior life of the couple: Assessment and treatment of tertiary dissociation; *Litt*
- 78 PLENARY 3: "If love be good, from whence comes my woe?"; *Barach*
- 79 PLENARY 4: On dissociation, mainstream psychology, and the nature of human being; *Gold*
- 80 PS12: Derealization and depersonalization \* Life is but a (bad) dream: Case study of an on-going therapy with a derealized patient: *Cahill*; Feelings of depersonalisation: A correlational study: *Dornbusch*; Two cases of Depersonalization Disorder treated with brief psychotherapy: *Simeon*; A case of depersonalization disorder: *Snyder*
- 81 SYM8: Contextual treatment of DID: An update on two case examples \* A contextual model of conceptualizing and treating DID: *Griffin, Seibel*; Contextual treatment of a client struggling to accept the DID diagnosis: *Seibel*; Contextual therapy of a DID client resentful about past therapy experiences: *Griffin*; Couple therapy with a DID client and her "symptom exacerbating" partner: *Mruz*
- 82 PN9: Stepping into the mainstream's white water: Navigating clinicians' resistances to dissociative disorders, with a vision for the future; *Gleiser, Riemer, Geer, Aeschbach*
- 83 MW25: Now showing: The dissociative spectrum; *Albini*
- 84 MW26: Eating disorders, victimization and dissociation; *Brewerton*
- 85 MW27: The impossible patient: Building alliance, not struggles; *Kinsler, Chu, Courtois, Dalenberg*
- 87, 88 SP14: Integrative techniques with complex PTSD & dissociative disorder patients; *Phillips, Frankel (2 tape set \$20)*
- 89 SP15: Psychodynamic perspectives on dissociative disorders; *Kluft, Berkowitz, Brenner*
- 91, 92 SP16: Structural dissociation of the personality and a psychology of action; *Nijenhuis, Ogden (2 tape set \$20)*
- 93, 94 SP17: Assessing & treating somatoform dissociation in children; *Waters (2 tape set \$20.00)*
- 95 PS13: Theory \* An integrative theory of dissociation: *Lesley*; Dissociation and human electromagnetic fields: A proposed new science: *Ross*; Bringing dissociation into the mainstream of undergraduate psychological education: The present state and the future: *Siegel*; Defiance and dissociation: Survival in the Soviet gulag: *Williams-Keeler*
- 96 PS14: Treatment/Research Issues \* The dissociative experience of a psychoanalytic researcher: *Lewis*; A virtual trauma service: Creating an island in the mainstream: *Rudegeair, Farrelly*; Consultation: helping colleagues to acknowledge dissociation: *Söderström*; Ethical dilemmas of traumatized selves: *Lackie*
- 97 SYM9: Experimental paradigms in dissociative disorders \* The effects of anxiety and threat stimuli on specific working memory functions in DID: An experimental investigation: *Dorahy*; Directed forgetting effects in trauma disorder patients using personalized words: *Vermetten*; Traumatic symptom provocation and neuroimaging: Dissociative responses in PTSD: *Lanius*
- 98 PN10: Treatment of complex trauma: Dissociation the missing link; *Fridley, Chefetz, Dell*
- 99 MW29: Strategies for creating safety and stability with traumatized clients; *Connors*
- 100 MW30: Dissociated ego states: A general model for understanding and treatment in psychotherapy; *Lawrence*
- 101 MW31: Experiential transformation of traumatic flashbacks; *Flak, Vrooman*

Sessions not listed are not available at the request of the speaker or due to circumstances beyond our control.
